BOY SCOUTS PROGRAM 1916 CARNIVAL

1. Erection of a cantilever bridge.
2. Erection of a suspension bridge.
3. Erection of double and single lock bridges.
4. Pitching of camp bakery and exhibition of cooking for 100 men. Time limit for three dishes, one hour.
5. Erection of signal towers, with exhibition of wig-wag work and signals by electric buzzer.
6. Erection of field wireless.
7. Erection of "umbrella" field wireless station and actual interchange of messages with Molokai station.
8. "A Day in Camp," being an exhibition drill, consisting of:
 - a. Tent pitching, packing and unpacking of kit cart, and setting up of field kitchen.
 - b. Life saving. First aid, first aid, and made ready for work. Time limit, 10 minutes.
 - c. Reasons of an overturned boat, with exhibition of all appliances in use as employed by U. S. Life Saving Service, including life line shot from cannon and breeches buoy rigging.
 - d. Two brief historical passages, 10 minutes each.
 - e. Dress parade. Time limit, 10 minutes.

"Fifteen troops from Honolulu, five from Kohala, three from Hilo. Let me see—James A. Wilder, special field commissioner of Boy Scouts for the territory of Hawaii, was doing a little vocal arithmetic.

"Five from Kaula now organizing," he continued, "and one from Waihu; that makes 29. The full strength of a company—better say troop—is 32. Thirty-two minus 29—got a pencil? That's 3. That makes 32."

"Nine hundred and twenty-eight Boy Scouts. Well, to be strictly truthful—and every Boy Scout is on his honor, you know—we haven't got that many. But we're going to have."

"The last exhibition we gave, a little more than a year ago, on the Iwii site, was seen by some 300 people. We expect at least 3000 to watch our Carnival drill. If we can get 10,000, so much the better. Every spectator is a convert."

"What do you think of that program? It doesn't look as if it would be run through in an hour and a half does it? But it can be, and it will. That is what we want a place on the Carnival program for—to show the doubters."

"We run a regular three-ring circus with something doing every minute. A three-ring circus has its disadvantages, of course. There is a certain amount of inevitable confusion, but the stage management will be—ah, excellentissimo! A dramatic pause, you know, for the culmination of every event."

"All the biscuit will be trained to rise at the same moment, and wait till you see those nice puffy biscuits and the smoking hot rations served out from the camp kitchen. People say: 'Why, it can't be done!' when they read it on the program. And then we show them!"

"That umbrella wireless outfit may sound like child's play, but it is an actual field apparatus, and it works. We shall establish communication with the station at Molokai and exchange messages. The government station, the Mutual Telephone operators or anybody else can listen in and verify the conversation."

"You see, we have given one show and we know what can be done. This one will be lots better. But even the handful that saw our work last year was filled with converts. I got letters after letters—purely unsolicited testimonials, you know. Here are a few of the things they said, or at least the gist of it. I haven't got the letters with me and can't quote by the book."

GYPSIES TELL FORTUNES IN ANOTHER GUISE

Pose as "Phrenologists" and "Palmists"; Unmolested By City Authorities; Will Give Prophecy of Chefa Numbers for Anxious Gamblers

Section 4199, Chapter 206, Revised Laws of Hawaii: "Any person who pretends to tell fortunes for money or other reward . . . shall be punished by a fine of not less than ten dollars nor more than one hundred dollars or by imprisonment at hard labor not more than one year, or by both fine and imprisonment within the aforementioned limits in the discretion of the court."

For two weeks two gypsy women have been advertising "phrenology" with a gaudy sign in front of a small room on Hotel street, near Nuuanu, in the business section of the city. They have piled their trade unmolested by the authorities, although the Star-Bulletin ascertained by first-hand investigation that fortune-telling is one of the activities proscribed by the gypsies. They have temporarily closed their stand and gone to Hilo, it was said this morning, but expect to return and open up again.

Do you want your fortune told by the lines that lie in the palm of your hand? Do you want the Fates to reveal what lucky number to draw in chefa? Try Garita and Theresa, two Spanish gypsies.

Theresa is old and fat. She is the one that sits most of the time at the entrance to the little sanctum. Just why Theresa should sit there is not evident, for Garita, her sister, is younger, less corpulent, and more beautiful by far.

SHRINERS ARE READY TO SEE TYROS' TORTURE

Tomorrow afternoon shortly after 1:30 o'clock there will be the annual Shriner event to which the whole city looks forward—the parade of Shriners and their trembling novitiates over the "burning sands."

Potestate George H. Angus this morning issued the following notice which applies to all Shriners:

"The Nobles are requested to meet at the Masonic Temple at 1:30 o'clock sharp. Those with autos are asked to bring them. Those who have not autos will have places provided for them. It is suggested that Nobles with autos decorate their cars appropriately. The official dress for the occasion is the tuxedo and fez."

The Nobles will ride in autos this year instead of marching, as is customary, but the tyros must foot it over the hot sands. Just what has been prepared for the novitiates in the way of "torture" will not be known definitely until tomorrow, but some of the typical Shriner originality in torture will doubtless be devised.

The committees are working on details this afternoon. The ceremonies of initiation will be held in the Skating Rink on Fort above Nuuanu street. The parade itself begins at 2 o'clock, after which the Nobles and their novitiates will return to the rink for the secret session.

The following candidates will be initiated: James E. Jagger, A. E. Davidson, H. C. Hapai, Dr. Hubert Wood, Frank C. Paetow, J. A. Palmer, C. P. Porter, Oscar Hall, Edward Andrew Fisher, N. C. 6 U. S. Army, Schofield; John Corson Grant, Signal Corps, Fort Shafter; Horace Vaughan, assistant U. S. attorney.

PLAN NEW FEATURE OF EDUCATIONAL CAMPAIGN

The educational committee of the Y. M. C. A. met at the association this noon to plan new features for the educational campaign. George S. Raymond, who has recently returned from a trip to the mainland, told of the educational department of the Boston Y. M. C. A. A. L. Andrews discussed the plans for the Harrington Emerson course in personal efficiency which will be established at the night school. W. A. Bowen told of the activities in the Oakland Y. M. C. A. E. A. Berndt, president at the meeting and told the members present of the great work of the night school in San Francisco.

Officers to serve the Healan Yacht and Boat Club will be selected at 7:30 o'clock next Monday night at the boat house.

Two American Soldiers Killed; Mexican Fire Returned; 20 Dead

(Associated Press by Federal Wireles)
NOGALES, Ariz., Nov. 26.—Two American soldiers were killed today and five others were wounded when Mexican snipers fired across the border into the American troops. Col. Sage, commanding these troops, ordered them to return the fire, and 20 Mexicans were killed. The Mexicans wounded included a woman.

A troupe of Villa's cavalry approached the border, firing. The Americans repulsed them. Gen. Funston is due here tomorrow.

It is stated that the Carranzistas have captured Nogales, Sonora.

EL PASO, Tex., Nov. 26.—News here is that Gen. Villa has captured Hermosillo.

NOGALES, Ariz., Nov. 26.—All the stores in Nogales, Sonora, have been looted by Villistas, the bands creating a reign of terror last night.

A number of wounded Villistas were brought over the line last night and today put upon American soil. American infantry and a battery of artillery have been ordered to reinforce the troops here.

FAMOUS AVIATOR EAGER TO MAKE FLIGHTS HERE

Charles F. Niles, Who Thrilled Tens of Thousands at San Francisco, Plans to Come to Honolulu in February

BOUND FOR JAPAN FOR FLIGHTS AT SIX CITIES

"I am going to try and arrange for a flight in Honolulu during the Carnival," said Charles F. Niles, the noted aviator, this morning as he walked down the gangway of the Shinyo Maru, for a few hours' visit in this city, before going on to Japan, where he will fly at six different cities, at the invitation of the Imperial Aero Club of Japan.

On being informed that a recent territorial law makes it necessary to get a permit from the governor to make aeroplane flights on Oahu, Niles said he was confident the matter can be arranged, as he has made numerous flights before in the East under the personal direction of the war and navy department, and with their sanction. "I have flown at the leading military posts of the United States," he said, "and also did scout work for the government recently at New York, to see whether suspected ships were keeping outside the three-mile limit."

Niles is accompanied by his managers, Leon and Max Friedman, who conferred today with Mid-Pacific Carnival authorities relative to the birdman's proposed appearance here.

"I am to fly in Tokyo December 9," said Mr. Niles, "with Emperor Yoshito present. I will make a day and a night flight, and my literary calls for flights in the six largest cities of Japan."

Niles will use both monoplanes and biplanes in his flights in Japan. He holds the world's record for looping the loop carrying a passenger. The young aviator carries letters of introduction from both Mayor James Rolph of San Francisco and President C. C. Moore of the Panama-Pacific International Exposition. His flights at the fair were features there. According to his managers, Niles originated night flights and the use of smoke pots attached to his machine, for day exhibitions.

"Not long after their arrival, Niles and his managers closed arrangements with J. Walter Doyle by which Doyle becomes their Hawaii representative. Doyle soon after conferred with President Hagens of the Carnival, who will lay the matter of flights before the Carnival directorate."

GREAT NORTHERN BOOKED TO SAIL THIS AFTERNOON

At 1:30 o'clock this afternoon, Hawaii time, the Hill liner Great Northern was scheduled to begin her voyage to Honolulu. The liner was booked to sail from Pier 9, San Francisco, at 4 o'clock San Francisco time, which is two hours and a half ahead of Honolulu time.

The big ship is sailing first to San Pedro. She is due to steam from there at 4 o'clock tomorrow afternoon, and to reach Hilo at 9 o'clock next Thursday morning, December 2, sailing from there for Honolulu at midnight of the same day. The Great Northern is due here a week from today at 10 o'clock in the morning.

DANIEL TEAR GOING TO BRING TOURISTS TO HAWAII IN 1916

Daniel A. Tear of the Oliver Wendell Holmes school in Chicago, who has been planning travel tours for many years to Europe and Asia, will turn his attention to Hawaii next year. He has written the Promotion Committee asking that information be given him regarding rates and trips in the islands. His tours have been widely advertised throughout the East

MANY SERBIANS CAPTURED NEAR SOUTH BORDERS

German Cablegrams Tell of Victories Over Retreat ing Peasants

The following cablegram from official German sources was received yesterday:

"German Headquarters Report, Nov. 25.—In Mitrovica, Serbia, Gen. von Koevess's troops took prisoners 10,000 Serbians and 19 cannon. In Prestina the Germans imprisoned 7,400 and took six cannon. Numerous war materials and provisions were also captured."

"On the east front, Beresna is firmly in German hands. The number of prisoners has been increased by nine officers and 750 Russian soldiers, and three machine guns have been taken."

MAY HAVE MAN WHO AIDED PLOT ON THE COAST

(Associated Press by Federal Wireles)
SAN FRANCISCO, Cal., Nov. 26.—C. C. Crowley, formerly an investigator for the district attorney's office here, was today taken into custody. It is charged that he is involved in carefully-laid plots to blow up with dynamite and set on fire munition plants and ships on the Pacific coast.

Crowley is believed to be connected with Robert Fay, who, after his arrest in New York, confessed that he was a German army lieutenant and that he was working on a device to blow up ships.

DEMOCRATS MAKE EARLY PLAN FOR 1916 CONVENTION

(Associated Press by Federal Wireles)
NEW YORK, N. Y., Nov. 25.—W. F. McCombs, chairman of the Democratic national committee, announced today that there is a strong sentiment among Democrats in favor of an early convention, probably during the first fortnight of next June. St. Louis, Dallas, San Francisco and Chicago want the convention.

CHINA DOING WORK THAT EUROPEANS CONTROLLED

(Associated Press by Federal Wireles)
PITTSBURG, Pa., Nov. 25.—H. T. Heis, an engineer sent by the Chinese ministry, is here consulting manufacturing. He says that China contemplates the construction of 4000 miles of railroad work heretofore directed by Europeans.

NEW CALIFORNIA CAPTAIN

BERKELEY, Cal., Nov. 26.—The California football team today elected Montgomery captain for next year.

There may be a special meeting of the Chamber of Commerce next Wednesday, December 1, to consider the program for public improvements outlined by Superintendent of Public Works Charles R. Forbes in his request for appropriations to Congress.

HENRY FORD'S "PEACE SHIP" GETS LITTLE ENCOURAGEMENT; CHINA MAY JOIN BIG ENTENTE

IF JAPAN SECONDS PLAN OF BRITAIN, RUSSIA AND FRANCE, PEKING CANNOT REFUSE TO ALIGN COUNTRY WITH ALLIES—KITCHENER AT ROME FOR IMPORTANT CONFERENCES—FRENCH RAISING BIGGEST WAR LOAN

(Associated Press Service by Federal Wireles)

LONDON, England, Nov. 26.—Russia's surprising coup in massing a big army ready for a dash into the Balkans may prove to be the means of winning Rumania over to the side of the Allies.

It is believed here that Teuton efforts to secure the assistance of Rumania have been offset by the mobilization of 50,000 Russians at Odessa and the massing of another big force at Ismail Reni.

Czar Nicholas has promised the Serbs aid within a week. It is expected that the advance of the Russians will be made through Rumania, and the Entente Allies are now attempting to gain consent of the Rumanian government, which consent will probably depend on whether or not the Allies gain a preponderance of forces in the Balkans.

It is reported today that on the various parts of the French lines snow is falling.

It was reported this afternoon that Gen. von Mackensen's advancing Germans had been repulsed in an engagement with the Serbian rear-guard.

LONDON, England, Nov. 26.—The Turks in Mesopotamia are retreating upon Diah, ten miles from Bagdad, which is threatened by the British and their allied forces.

WASHINGTON, D. C., Nov. 26.—President Wilson has let it be known clearly that he will not participate in the peace campaign outlined by Henry Ford, the auto manufacturer. The president, it is learned, has heard nothing from Europe to cause him to believe the time is opportune for the Ford "peace ship" to take a delegation of pacifists to Europe. Nor will the peace ship carry a representative of the federal government if it sails.

The president's mail is being flooded with letters and telegrams urging him to support the movement. He will watch developments.

New Jersey Governor Won't Go

TRENTON, N. J., Nov. 26.—The governor of New Jersey has declined an invitation from Henry Ford to go to Europe on the liner which Ford is chartering for a peace demonstration. His reason for declining is said to be that he believes the peace efforts as proposed will be considered meddling.

Arizona Executive Is "Too Busy"

PHOENIX, Ariz., Nov. 26.—Governor Hunt of Arizona has refused the invitation sent him to go to Europe on the invitation of Henry Ford, giving as his reason that the duties of his office preclude such a trip.

New French Loan Biggest Of War

PARIS, France, Nov. 26.—The new French loan, which is being promoted under the name of "The Loan of Victory," is being subscribed to at a rate exceeding all expectations. It will be the largest any belligerent has yet floated.

Furthermore, it will be France's first public war loan. Hitherto the French government has carried on the war from bank advances and the sale of bonds.

China's Course Rests with Japan

PEKING, China, Nov. 26.—The proposals of the leading Entente powers, Britain, France and Russia, that China should join the Allied group is being favored by the newspapers here. Should Japan second the movement, and extend the invitation also, China could not refuse the alliance. The Japanese minister here refused to discuss whether or not Japan will urge that China adopt this course.

Allies Sink Cruiser In Baltic

LONDON, England, Nov. 26.—The Allies have succeeded in sinking by submarine attack the German cruiser Frauenlob off the Swedish coast. The vessel was torpedoed in the same locality where its sister ship, the Undine, was lost recently.

The Frauenlob is a small German cruiser of 2715 tons, 328 feet long, carrying a complement of 264 men and built in 1902.

UNION PACIFIC MAKING UNPRECEDENTED SHOWING

(Associated Press by Federal Wireles)
NEW YORK, N. Y., Nov. 25.—The Union Pacific system's earnings for October show the greatest gains in gross and net revenues for many years.

S. P. ALSO GAINING

(Associated Press by Federal Wireles)
NEW YORK, N. Y., Nov. 25.—The Southern Pacific's October earnings gained \$1,198,107 over those of October, 1914.

There will be no British general election until after the war.

ARMY FAVORITE FOR BIG GAME

NEW YORK, N. Y., Nov. 26.—Setting is brisk on the Big Army vs. Navy game, which will be played tomorrow on the Polo Grounds here. The Army rules a four to five favorites on account of its supposed better showing in the other games of the season. The officials will be W. S. Langford, Trinity umpire; Fred Murphy of Brown, referee; E. C. Evans, Williams, and Judge, and Carl Marshall, Howard, head linesman.
